

I am concerned about the pending proposal to allow LPFM stations to take priority over FM translator service. In particular, K-LOVE has provided me over the past couple years access to FM quality Christian music and programming unavailable elsewhere in our community and region. If this proposal is passed, stations such as K-LOVE will be effectively eliminated from the local airwaves, thus depriving me of the music and programmin I enjoy. I believe that K-LOVE in particular is a valuable public interest in that it provides family safe listening programming where parents such as myself do not have to be cautious of the vulgar and offensive programming that often permeates other commercial radio stations.
